## **MORE THAN 300,000 RENAULT ELECTRIC VEHICLES SOLD IN EUROPE**

Renault has crossed the threshold of 300,000 electric vehicles sold in Europe since the launch of its dedicated range.

In France, Renault has registered more than 100,000 ZOE.

Renault has been the European leader in electric vehicles since 2010.

Renault has sold more than 300,000 electric vehicles in Europe. At the same time, more than 100,000 Renault ZOE have been registered in France. This doubling underlines Renault's leadership on the European electric market and the continuous growth of its sales in this sector since 2010.

### **Pioneer and leader in electric mobility in Europe since 2010.**

As a pioneer and leader, the Renault group is working for the large-scale deployment of electric vehicles in favor of the ecological transition. In the first half of 2020, Renault brand volumes are up 38% with more than 42,000 vehicles sold. ZOE sales in Europe are up nearly 50% to 37,540 units.

About Groupe Renault :

Groupe Renault has manufactured cars since 1898. Today it is an international multi-brand group, selling close to 3.8 million vehicles in 134 countries in 2019, with 40 manufacturing sites, 12,700 points of sales and employing more than 180,000 people. To address the major technological challenges of the future, while continuing to pursue its profitable growth strategy, Groupe Renault is focusing on international expansion. To this end, it is drawing on the synergies of its five brands (Renault, Dacia, Renault Samsung Motors, Alpine and LADA), electric vehicles, and its unique alliance with Nissan and Mitsubishi Motors. With a 100% Renault owned team committed to the Formula 1 World Championship since 2016, the brand is involved in motorsports, a real vector for innovation and awareness.
