Renault is opening orders for the New Express Van in France today.

With a loading volume of up to 3.7 m³, the New Express Van has a record side opening of 716 mm to facilitate loading. With a loading length of 1.91 m (with solid partition), it has the best ratio between load length and total vehicle length.

The New Express Van pays particular attention to the storage space with a record level of up to 48 litres. The van allows a payload of up to 780 kg in the petrol version and 650 kg in the diesel version.

The New Express Van has three levels of multimedia equipment: Radio Connect R&Go, as well as the Renault EASY LINK multimedia system (with 8-inch touch screen and smartphone replication) in two versions, with or without navigation. It offers an induction charger for smartphone, up to three USB sockets and four 12V sockets, one of which is in the cargo area.

For added safety, it offers driving aids such as the *Rear View Assist*, the *Blind Spot Warning*, the *Wide View Mirror* and the *Reversing Camera* with image feedback integrated into the multimedia system or the interior rear-view mirror.

In France, the New Renault Express Van will be marketed from May.
